PROFESSIONAL SUMMARY

Motivated Frontend Developer with hands-on experience building responsive and user-friendly web applications using React, JavaScript, HTML, and CSS. Passionate about building clean interfaces, integrating REST APIs, and continuously improving my frontend development skills. Skilled at translating Figma designs into pixel-accurate, fully responsive interfaces with clean, component-based CSS architecture. Built and deployed multiple full projects independently.

SKILLS

Languages: HTML5, CSS3, JavaScript (ES6+)

Frameworks & Libraries: React, React Router, Tailwind CSS

Styling: CSS Modules, Responsive/Mobile-First Design, Figma-to-Code Implementation

Tools: Vite, Git, GitHub, npm, Vercel, Figma

Other: REST APIs, API Integration

PROJECTS

NEXUS News | React • Vite • CSS Modules • Figma-to-Code

News platform built from custom Figma designs. Completed a full responsiveness pass across multiple breakpoints for a consistent layout on all devices.

Nexus Gadgets | React • React Router • CSS Modules • DummyJSON API • Tailwind CSS

Built a responsive e-commerce application with dynamic product listings. Integrated REST APIs to display product data. Implemented search functionality and responsive layouts. Created reusable React components.

Personal Portfolio | React • Vite • Custom Hooks

Personal developer portfolio built with a dark, yellow premium visual direction and scroll-triggered reveal animations powered by a custom useScrollReveal React hook.

QR Code Generator | HTML5 • CSS3 • JavaScript

Built a responsive QR code generator web app. It generates QR codes instantly from user input. Focused on usability and responsive design.

Movie Streaming UI (Nexus) | HTML5 • CSS3 • JavaScript (Vanilla)

Netflix-style movie streaming interface built with vanilla HTML, CSS, and JavaScript, featuring a fixed sidebar, featured-content slideshow, horizontal movie carousels, dark mode toggle, and full mobile responsiveness. Solved cross-browser slider compatibility issues by replacing unsupported browser APIs with a manually tracked position system.

EDUCATION

Delta State University, Abraka
